ENVIRONMENTAL POLICY	Issue:	2

Environmental Policy

It is the policy of Brockhouse Group plc

- To develop and maintain a comprehensive environmental management system;
- To comply with relevant environmental legislative and regulatory requirements, identifying and applying best available techniques wherever possible;
- To educate and motivate employees to behave in an environmentally-responsible manner;
- To promote environmental responsibility with clients and suppliers alike;
- To minimise the environmental aspects of all processes;
- To ensure waste is minimised and correctly managed;
- To ensure that all resources (electricity, gas, water, materials) are used in a responsible and efficient manner;
- To regularly review environmental performance at board level;
- To develop and maintain contingency plans where significant environmental hazards exist.
